No. 355
DATE 14-3-88

To

The Chief Secretary
to the Dewan of Mysore

Sir,

I have the honor to suggest for the favourable consideration of the Dewan the institution of a grade of "Sub assistant Surgeons" on a lower scale of pay than Assistant Surgeons, and have them of three classes on Rs 80/- Rs 100/- and Rs 120/- rising from Rs 80/- to Rs 120/- by triennial or quinquennial increments of Rs 20/-, or in such other way as he may think best.

I would have them possess the M.B. or L.M.S. qualification, and they would be eligible for promotion to assistant Surgeons, on approved service on the occurrence of vacancies. They would be very useful officials indeed, and if the Dewan approve, I would suggest the entertainment of two, and I would give them as assistants to the Civil Surgeons at Chickamagalore and Shemogah. This would be of great advantage to the Civil Surgeons referred to

as there would then be an efficient locum tenens at either place in the event of illness or absence on inspection duty by the Civil Surgeon.

I would request the favor of an early reply, as there are some promising young men available now who are seeking employment in the Madras Presidency as Assistant Surgeons proper, and who may be willing to take these appointments.

There is ample provision in the budget and the increase in expenditure would be trifling, as a sub Assistant Surgeon would release an Hospital Assistant at either place for employment elsewhere.

I have the honor to be,
Sir,

Sir

I have the honor to forward for submission to the Dewan for sanction a draft Notification appointing C. Rajaram Row L.M.S. and E. S. Krishnaswami Iyer M.B. Sub Assistant Surgeons 2d class on probation for six months subject to confirmation on approved service the former from the 26th March and the latter from the 4th June 1888.

In my D.O. letter to you some time ago I suggested three classes, 1st, 2d and 3d on pay of Rs 90/- Rs 70/- and Rs 60/- respectively with a fixed monthly allowance of Rs 30/- Each to the 1st and 2d Classes, and Rs 20/- to the 3d Class for all medical duties which may be required of them.

I understood from the Dewan that he did not care about retaining the 3 class, and I quite agree with him and think it may be omitted, as the pay and allowances

Approved
90+30
70+30

, are perhaps too low for men with such qualifications as are required of them and in addition there are only two appointments to be made.

As in the case of Assistant Surgeons the qualifying period for promotion to the higher or 1st Class may be shorter for those possessing the M.S. than for those possessing the L.M.S. qualification and I would suggest three years for the former and five for the latter. In the case of Assistant Surgeons it is five and seven years.

To

H. Seshadri Iyer Esq.,

BA., BL., C. S. I.

Dewan to His Highness The Maharajah of MYSORE.

The humble petition of B. D. Raghavendra Row,
L. M. S.,
Civil Apothecary, Tanjore District.

Most respectfully sheweth,

Having passed the examination for the Civil Apothecary's grade held in June 1887, I have, since then, been entertained in the Madras Medical Service as Civil Apothecary doing duty at Tanjore and other stations in the Mofussil as emergencies had been arising.

II. Born in Mysore of an ancient and respectable family which served in the said State for a long time, and influenced by all the traditions of such an ancestry, I naturally felt a desire to serve in my motherland, though my prospects in the Madras service were not bad.

III. Actuated by this consideration, as well as by the circumstance of having subsequently passed the L. M. S. Degree Examination held in July 1887, I went to Bangalore in the following August, and, in an interview, was kindly directed by your honour to wait upon Dr. Mc. Gann with an application for an appointment. Upon my doing so, Dr. Mc. Gann, having had no place in his gift at the time, registered my name as an applicant for a post in the Mysore Medical Service, whereupon, I returned to Tanjore for duty.

IV. On the 27th of March 1888, Dr. Mc. Gann was good enough to telegraph to me, asking me if I would accept the post of a 3rd grade Sub-Assistant Surgeon. I started immediately for Bangalore, but not with the object of joining duty at once. I visited Dr. Mc. Gann in his quarters, and, being asked by him to join the appointment without delay, I explained to him the circumstances of my position under the British Government, on hearing which, he granted me a month's time to join after legitimately disconnecting myself from the Madras Medical Service.

V. Having returned to Tanjore, I was not hasty enough to commit myself to sending my resignation at once up to the Government, but deferred doing so until something more definite from the State itself should encourage me to tender my resignation to the Government.

VI. At this moment, a copy of your honor's office notification, dated 6th April 1888, actually appointing me to a third grade Sub-Assistant Surgeon's place, and signed and sealed by the Senior Surgeon in charge at the time, was, *after finding a place duly in the Mysore Gazette*, placed in my hands on the 16th April 1888. Thereupon, I sent my resignation without any further delay to the Government, and was, within the one month's time already given me by Dr. Mc. Gann, preparing to join the appointment, refunding the one thousand rupees due to the Government, *when*, to my great surprise and disappointment, I got a telegram from Dr. Mc. Gann, then at Ootacamund, to the effect that the place had been given away to another applicant by your honour.

VII. My disappointment at this crisis might be better imagined than described. Having tendered the resignation of my present post but a week before this unexpected event, it involved no ordinary sacrifice to request the Government to allow me to withdraw it again. Not to speak of the great mortification inflicted on my mind by the above incident, though for no fault of my own, I have, owing to the same cause, sustained no small diminution of esteem and blighting of prospects in my present situation. Hope, which was promising me something in my present service, has begun to withhold even that charm from me after this disastrous failure of mine. These reasons are making my desire to enlist myself under the service of the Mysore Government, more and more ardent every day.

In conclusion, I beg that your honour may be graciously pleased to take my case once more into your honour's favourable consideration and be generous enough to appoint me to the next vacancy that may occur, for which act or grace and kindness, I shall, as in duty bound, ever pray.

I beg to remain your honour's
obedient and dutiful servant
